JCOP Members FALL LEAF TOUR: 'Chocolate, Candy and Hidden Gems'

By Candy Williams

Pete and Janet Galinowski had me at "chocolate."

Their plans for a fun fall Saturday on Oct. 24 turned out to be even better than expected, shared by a great group of JCOP members and guests.

We gathered in Cranberry in the morning, where Pete handed out copies of the day's itinerary, which included stops at Baldinger's Candy in Zelienople, Big Rock Park and Rosalind Candy Castle in New Brighton, lunch at our choice of several restaurants in Beaver, and an optional afternoon trip to Emsworth Dam.

Thanks to Pete and Janet for organizing another special event that brought friends together to explore some new places while catching up on car talk and enjoying each other's company.

See Pages 4 and 5 for more photos of our fall leaf tour.

Open House to View Scott Drab's Car Collection and Remember a Special Friend

Amanda Lawson Drab is planning a casual open house event to give friends of her late husband and JCOP member Scott Drab, who passed away July 27th, an opportunity to view his car collection and share memories of a special friend. The event will be held from noon to 4 p.m. on Saturday, Nov. 28 at his garage located at 1938 Greensburg Pike, West Newton. Members of the Rolls-Royce Owners Club and Western PA Region of AACA also have been invited to attend. Hors d'oeuvres and beverages will be served.

"Bring your favorite stories about Scott and share a special day with friends celebrating an amazing man and his incredible life," Amanda said. "Please RSVP by purchasing free tickets so we can track the general number of people for food and drink." For details and to register to attend, visit the link below.

President's Message

By R. Pete Galinowski

We've just completed the JCOP Fall Leaf Tour starting in Butler County and going northwest into Beaver County. The leaf colors were still plentiful, with everyone thoroughly enjoying the ride through the country side. The theme, Chocolate, Candy, and Hidden Gems, appealed to everyone with stores visited and the hidden little local parks that people seldom know about in favor of the larger area parks.

Our final destination of Beaver with its shops and restaurants where everyone had their choice of different food and shops they could visit was a hit for everyone.

Thank you to all who attended this event and made it a great time for everyone.

- Pete

The fall foliage was still magnificent, especially at this stop at Big Rock Park, along the shores of the Beaver River.

KNOCKOFF SPINNER TOOL

By Dave Gamret

Tired of beating up your spinners with that copper and rawhide mallet or splintering that wooden attachment to remove and install your knockoffs? Now there's a new tool available that can do the job without damage. Take a look at the flyer below and photo of the tool installed on my car. Check out the website listed for complete information. I've used it a few times and it works really well. You will need a 250 ft.lb. torque wrench that registers in both directions to install the spinners and preferably a large breaker bar to remove them. I found the process much simpler than pounding with the hammer and it eliminates the risk of damage to your car by the errant hammer blow.

KNOCK OFF SPINNER TOOL

42mm size two-eared tool (left) fits Austin Healeys, Morgans, MGs, Triumphs, early Lotus Elites, wire wheel Cobras and more.

The 52mm size two-eared tool (below) fit Jaguars and Aston Martins and more.

The Knock Off Spinner Tool is an aluminum one-piece tool and works on both sides of the car. A bridge hooks one ear of the spinner to keep it from falling off, freeing both hands. Leather protects the spinner from all metal to metal contact and a plastic insert protects the face of the spinner. A 1 1/4" socket is supplied to fit the Tool's Hex Shaft. Also included is a Wheel Chock to keep the wheel from spinning on the floor when an extension breaker bar or a Torque wrench is used.

All Kits include the Knock Off Spinner tool, socket, wheel chock and embossed black faux leather bag.

Jaguar Club of Pittsburgh MEMBERSHIP MATTERS

By Jack Terrick

This newsletter contains the updated membership application / renewal form for 2021. There has been no word from the JCNA of any change in the dues structure, so we're maintaining our annual dues at \$45, of which \$30 goes to the JCNA. We certainly hope that 2021 will be a year in which we can get back to normal when it comes to our club activities. I was looking forward to many of the events we had on the calendar at the beginning of 2020. Hopefully we'll be able to recreate them for next year.

Our deadline for providing our club roster to the JCNA is early February, so we need to receive your dues by the end of January to make sure you don't fall off the JCNA roster. As an extra incentive to get your dues in on time, we will be providing a free JCOP 50th anniversary lapel pin to all new and renewing members who are paid as of January 30th. One pin per family membership only. I believe Bryan has additional pins for purchase.

I have already received several renewals as well as some new members who came on board recently. Thanks for those, as it is much easier to handle things early rather than at the last minute. If you have any questions, please contact me at jht66e@comcast.net.

Regards,

Jack
