## Bring Your Questions to JCOP's April 21 Tech Session

By Gary Kincel

As the days become longer and you are thinking of taking your "CAT" out of the garage for some long overdue exercise, please join us for a fascinating and informative tech session at Coventry Garage, which is located at 101 Parkway in White Oak, Pa. The session will be sponsored by Richlin Imports, and presented by Brandon Fullen. Brandon has done work on my cars for a long time, and never failed to solve even the most difficult problem, (which is mostly what I take him).

On April 21<sup>st</sup>, join us at around 9:30 for coffee and donuts, and to catch up with friends from the Jaguar community that you have not seen during the winter months. Around 10:00 we will take the top off a modern Jaguar V8 motor to look at, and discuss some common areas of weakness that these motors have. We will also raise the car on the lift, so we can discuss some common problems with steering, suspension, and brakes with the modern Jags. In this case we will be working with my 2001 XK8.

In addition, as time permits we will spend some time talking about the maintenance and trouble-shooting issues that usually show up when our cars are fired up at the end of winter, including cooling system, battery, and brake problems as well as related preventive maintenance that should be considered in these and other areas.

Come with questions! Brandon, along with some very knowledgeable club members with many years of Jaguar experience, will be available to discuss, and answer your questions.

For those who may not be familiar with Richlin Imports, they are located on Harrison City-Export Road, in Harrison City, Pa. They have been a local landmark for many years and deal in a variety of import auto repairs including many antiques and exotics. For this session, they agreed to come to my garage in White Oak, located at 101 Parkway.

**PLEASE RSVP to Gary Kincel by April 14<sup>th</sup> at 412-638-2715, or by email at gkincel64@gmail.com.**

## *JCOP is Invited!*

### **April 21 Museum Tour, May 20 Tech Session**

JCOP members are invited to participate in two upcoming events by local car clubs:

**Western Pennsylvania Region Classic Car Club** is organizing an event Saturday, April 21 that includes a drive to Oglebay Institute's Stifel Fine Arts Museum in Wheeling WV, a tour of the museum, and a dinner.

The Jaguar Club is invited, as are the Cadillac-LaSalle & RR/Bentley clubs. See page 13 to register to attend.

**Allegheny Region Rolls Royce Owners' Club** is hosting a Tech Session on Sunday, May 20 at noon at Fayette Enterprises, 97 Enterprise Street (off Route 48) in Elizabeth, PA 15037.

The program will include details and demos of important facets of classic car restoration – including paint systems and preparation, metal shaping, and upholstery. Cars under restoration will be displayed. A buffet lunch follows the session. See page 7 to sign up.

**From My Perspective**  
**By Cecile Canales, President**

April showers bring May flowers and hopefully, more Jaguars out on the road to JCOP events this coming month. We have two special events both held on April 21. Attend the Tech Session at Gary Kincel's garage in the morning at 9:30 or join the Rolls Royce Club who invited JCOP on their journey to Oglebay for cocktails at 5:30 and dinner at 7. If you are ambitious, you could possibly do both! It will be educational and fun to gather and gaze at the cars. See pages 1 and 13 for more information on both events.

March wintery JCOP event was a dinner meeting at the Spoonwood Brewery organized by Don Johnson. The casual atmosphere mixed with delightful conversations and delicious pizzas and salads made for a fun evening. Thank you Barbara and Don Johnson.

Upcoming car events include the Greenbrier Concours d'Elegance May 4-6, 2018. JCOP member, Dolly Taskey, is organizing a motoring cruise through the Allegheny Mountains and optional excursions for the group of JCOP members going to White Sulphur Springs, WVA. Details about the Concours can be found on pages 5-6. Come join the fun.

Don't forget that the Carlisle Import & Performance Nationals is May 18-20, 2018. Gary Kincel is organizing this event for JCOP. See page 12 for more details and contact Gary if you are interested in attending.

June is just around the corner. The US Steel Plaza Display of Jaguars is marking its 30th anniversary. There is capacity for 30 beautiful Jaguars. A lunch will be provided with a surprise in store for those who attend. We welcome you to an enjoyable day with JCOP members amidst all the beautiful cars. Be entertained with live music from the summer concert series as you enjoy a complimentary box lunch. See page 14 for more details.

Please remember that you can still order clothing imprinted with the JCOP logo from Lands End. It's fun to see the different colors of our logo on different styles and colors of apparel. There are hats, jackets, shirts, and a variety of men, women and children's clothing. Go to [www.business.landsend.com](http://www.business.landsend.com) to see the selection of clothing available and to page 9 of the Jargon for more details. Aim to be creative.

Each month I feature a JCOP member and the history of their Jaguar. I wish to showcase a car that I find very impressive and interesting. This month's feature is about Rich Aronson's 1951 Jaguar XK-120 OTS.

Rich's story begins early when he was 6 years old in first grade. His dad came home with a new XK-140 DHC Jaguar, Old English White with black hides and body-colored painted wire wheels. Beautiful, elegant and fast, it captured their hearts and imagination and certainly did stand out in suburban mid-fifties America. There were good father-son weekends, home tune-ups, SU carb syncs and wire wheel "shimmy" diagnoses and all.

*Continued on Page 4*

## From My Perspective

By Cecile Canales, President

### *Continued from Page 3*

Rich's highlight memory was a road trip from Pittsburgh to Tampa, Florida in the fall of '56 prior to the full-blown interstate era – motoring rapidly through small southern towns and tripping speed traps. Even now he remembers not one, but three traffic citations, including cash-paid fines after having been “escorted” to time consuming sessions with local “Justices of the Peace” and magistrates in the Carolinas and Georgia on the way south! (What a blast! – at least for him).

Flash forward to 1987 when Rich saw a Hemmings ad for an early steel-bodied 120 OTS by a club member in the LA area – sadly letting go of his self-restored '51 due to divorce settlement requirements. They made contact and Rich, somewhat unwisely, purchased the car sight unseen. The price was right and a written appraisal accompanied other data furnished seemed to validate a well thought out resto in the member's own garage.

When Rich saw the car, he realized that its wavy, bondo-filled tired body panels and legions of left-out details would require a complete tear-down, stripping and redo though the cars mechanics were excellent. It was as a life-long west coast, dry car completely rust free. An awesome “core!”

Interestingly, the famous motor journalist and photographer of the 50's, Strother McMann, had purchased an identical model featured in a later vintage 1970 road test. The color combination and production number proved to document his car and Rich's, having been twins - built on the same date – and bearing one unit apart, successive VIN numbers!

This car's Heritage Certificate shows its original delivery to have been out of Hornburg (of LA) Jaguar June 20, 1951. In LA the car remained until his “import” to Pittsburgh in April of 1987.

Many folks know Rich's distinctive Birch Gray car with red hides which has been a high level show driver since the ground-up body-off frame restoration was completed in 1993. Rich has been maintaining and tweaking the resto continually to achieve high maintenance and authenticity. The preserved car has done well in JCNA Concours events since 1997 (debut shown thrice taking a National Third), several more times up to and including 2015 for four for four NC USA Regional Firsts when shown twice at those several seasons, some many years apart.

For Rich, it has been a privilege owning and working on this 120 for over thirty years. In the end it was worth the efforts; especially given for the so many friends met and made along the way – including finding the support of JCNA members in our own club and nation-wide.

Rich is currently on the JCOP board of directors. Rich and his wife, Roberta, live in Pittsburgh.

*In my reflections next month look forward to a feature showcasing JCOP member, Chuck Kusiolek.  
All stories are adapted from information written by each car owners.*

## *A Scenic Drive To The Greenbrier Concours d'Elegance*

By Dolly Taskey

A fabulous road trip to White Sulphur Springs, West Virginia, is on the horizon. Envision a long line of beautiful cars cruising south to experience the inaugural Greenbrier Concours d'Elegance. We hope that yours will be one of them!

Following is the basic plan to date, as well as activity options from which to choose.

**Departure:** Friday morning, May 4, 2018. Time and location to be announced.

**The Route:** The most efficient and least-interesting route is via interstate highways. But, our cars wish to be driven on the byways with beautiful views and interesting way points. So, we will be taking the Jack Terrick-approved US Route 219 South along ridges of the Appalachian Mountains.

**Accommodations:** The Hampton Inn, Lewisburg, WV, was chosen for its accessible location and proximity to the Greenbrier. This is not a reserved block. But, if you mention the Jaguar Club of Pittsburgh when making reservations, the hotel will do their best to assign adjacent, first floor rooms for our group.

<http://hamptoninn3.hilton.com/en/hotels/west-virginia/hampton-innlewisburg-LBGWVHX/index.html>

If you prefer, many other options are available here. <https://greenbrierwv.com/categories/where-to-stay>

**Concours d'Elegance Weekend Highlights:** o Car Club Day Display, 9:00 AM - 3:00 PM. The cost is \$50 per car (2 people) and includes one ticket to Sunday's Concours. The deadline to register is Monday, April 30th. Clubs will select one member car to be positioned in the Concours car area.

<https://www.greenbrierconcours.com/club-day1.html>

o Separate admission to the Concours is \$50 per adult. Complimentary parking with shuttle bus service will be available.

o Viper Chief Engineer Roy Sjoberg will discuss the design of the Viper at a free seminar on Saturday.

o The Concours Homepage – <https://www.greenbrierconcours.com/>

**Activities:** Here are a few of the many things to see and do in the Greenbrier Valley. Rather than a set schedule, we will let the area inspire our choices.

o Self-guided tour of Greenbrier Resort, recommended by Wayne Long, Concours Show Director.

o Greenbrier Bunker Tour – <http://www.greenbrier.com/Activities/Bunker-Tours>

o Historic Attractions / Museums – <https://greenbrierwv.com/categories/things-to-do/historic-attractionsmuseums>

## Allegheny Region RROC Tech Session

**When:** Sunday May 20, 2018 12:00 noon

**Where:** Fayette Enterprises 97 Enterprise Street Elizabeth, PA 15037

**Cost:** \$20.00 per person

The program will include information and demonstration of important facets of classic car restoration – including paint systems and preparation, metal shaping, and upholstery. Plus cars under restoration can be viewed (but not touched!).

A buffet lunch follows the session.

## SPRING/SUMMER CAR CARE TIPS

 Wexford, PA  
 724.940.3500  
[bobbyrahaljaguar.com](http://bobbyrahaljaguar.com)

**1. Change your oil and oil filter.** Changing your oil and oil filter at the intervals recommended in your vehicle's owner's manual is one of the best ways to keep the engine running trouble free. Neglecting to replace engine oil can result in poor engine performance.

**2. Check your fluids.** When you change your oil and oil filter, you should also check your fluids. Check your power steering, brake, transmission and windshield washer fluids, as well as your coolant. If the levels are low, top them off and flush/replace them as recommended in your owner's manual.

**3. Replace your wiper blades.** If they're torn or cracked, your wiper blades won't do much good in the middle of unrelenting spring showers, when visibility is reduced.

**4. Check your charging system.** Cold temperatures can do a number on your battery, so now is a good time to have it tested. You should also check to make sure that your battery is securely mounted and that the connections are clean, tight, and corrosion free.

**5. Fix your windshield.** In cities where sand and rocks are used on icy roads, motorists often end up with chips and cracks in their windshields. Any damage to your windshield can decrease the overall effectiveness of airbags, seatbelts, roof stability, and your personal safety in the event of an accident.

**6. Check your lighting.** Check all exterior and interior lighting to identify any problems.

**7. Lubricate your chassis parts.** Many newer cars are "lubed-for-life," but some still require regular chassis lubrication, so check your owner's manual.

**8. Check your belts and hoses.** Cold temperatures can harden and/or damage rubber, so it's important to check your belts and hoses for damage. If you have to replace one of your belts, you may also have to replace the tensioner and pulleys to keep the new belt from slipping.

**9. Check your filters.** Your car has a number of filters that are important to its longevity and should be replaced regularly. Check your engine air filter, your cabin air filter, and your fuel filter for damage or clogging and replace them if necessary.

**10. Check your tires.** Check the pressure of all your tires (including the spare) monthly and maintain the optimal pressure recommended in your owner's manual. Check the tread for uneven or irregular wear and for cuts or bruises on the sidewalls. Rotate your tires every 10,000 miles and replace them if they are worn or damaged.

## JCOP to Sponsor Multi-Club Jaguar Event May 18-20 in Carlisle, PA

The weekend of May 18-20, 2018, the Jaguar Club of Pittsburgh is sponsoring a Multi-Club Jaguar Event at the Carlisle Import & Performance Nationals in Carlisle, PA.

This is a casual, non-judged imported car show which features over 2000 imported cars of all makes, displayed on the infield of the former Carlisle Fairgrounds Complex now owned by Carlisle Events.

**The Jaguar Club of Pittsburgh will team with other surrounding Jaguar clubs and have a display area and tent on the non-judged show field.**

To participate, you need to register on the Carlisle Events website to assure that space is reserved for all participants. The cost of registration is \$40, which includes a car, driver, and passenger, and your entry window sticker will be mailed to you.

**If you sign up before April 10, there is a 10% discount!**

**This gets you access for the weekend, to all the attractions including the Import flea market.**

When you register for the non-judged show field, Select *Jaguar Club of Pittsburgh* from the drop down "Club" menu under the Import and Performance event tab.

*See the website for more details and to register.*
