## Coventry Foundation Store Purchases Help the Organization's Mission

**By Bryan Williams**

The Coventry Foundation is an Internal Revenue Service section 501(c)(3) charitable organization dedicated to the preservation of Jaguar automobiles. It has funded scholarships for deserving students that want to be employed in the restoration of classic Jaguars and other British cars.

The foundation lists various interesting items on eBay. (Visit the JCNA website, click on the Coventry Foundation Logo, scroll down the home page to the "eBay Store 1" and "eBay Store 2" banners). Here you will find an array of items, from original Jaguar tools to books, sales brochures and more.

**Continued on Page 2**

## Coventry Foundation Store Purchases Help the Organization's Mission

One item that I think is an outstanding value is a poster of a blue, Series One, open two seater that is displayed in the New York Museum of Modern Art, for \$15 plus \$8 shipping. (See photo below) I was given a poster by a friend who had visited the museum years ago. We had it professionally framed and it is hanging in our game room.

I have purchased several items including a Jaguar Formula 1 media guide, a rare Jaguar XKR portfolio edition sales brochure and I better stop there before Candy starts asking questions.

As with any purchase, you must know what you are buying, but there are some very fine items available. Anything you purchase through the foundation will go to help finance the foundation's mission.

**Editor's Note:** Gary Kinchel, long-time JCOP member, is the chairman of the board of the Coventry Foundation.

Also available for sale on the Coventry Foundation Store:

# President's Message

By R. Pete Galinowski

Janet and I would like to wish everyone a Merry Christmas and a Happy New Year!

This being my last president's message, as Dave takes over next year, I wish him the best in this trying time of the Covid-19 virus. I hope everyone can hold on until they can get a vaccine shot or if you do get Covid you get over it quickly.

Our club was lucky in being able to have four events presented to our membership, thank you to all that attended them and made them a success. Maybe next year a full slate of activities once again will be available to all JCOP members.

I also would like to thank all the members that helped the club stay viable in the past year. Work still had to be done in the background.

Also take time this holiday to remember some of the members that we gained as friends through the JCOP and now have lost.

Thank you for letting me be your President for the last (quick) two years.

*Pete*

# KNOCKOFF SPINNER TOOL

By Dave Gamret

Tired of beating up your spinners with that copper and rawhide mallet or splintering that wooden attachment to remove and install your knockoffs? Now there's a new tool available that can do the job without damage. Take a look at the flyer below and photo of the tool installed on my car. Check out the website listed for complete information. I've used it a few times and it works really well. You will need a 250 ft.lb. torque wrench that registers in both directions to install the spinners and preferably a large breaker bar to remove them. I found the process much simpler than pounding with the hammer and it eliminates the risk of damage to your car by the errant hammer blow.

Special pricing for JCOP members:

**DO NOT ORDER DIRECTLY FROM THE WEBSITE !!**

Discount cannot be processed by website order

Option A: Tool + Black leather bag + shipping = \$272

Option B: Tool + Aluminum case + shipping = \$311

42mm size two-eared tool (left) fits Austin Healeys, Morgans, MGs, Triumphs, early Lotus Elites, wire wheel Cobras and more.

The 52mm size two-eared tool (below) fit Jaguars and Aston Martins and more.

The Knock Off Spinner Tool is an aluminum one-piece tool and works on both sides of the car. A bridge hooks one ear of the spinner to keep it from falling off, freeing both hands. Leather protects the spinner from all metal to metal contact and a plastic insert protects the face of the spinner. A 1 1/4" socket is supplied to fit the Tool's Hex Shaft. Also included is a Wheel Chock to keep the wheel from spinning on the floor when an extension breaker bar or a Torque wrench is used.

All Kits include the Knock Off Spinner tool, socket, wheel chock and embossed black faux leather bag.

# A Day for Remembering a Special Friend, a Dedicated JCOP Member and an Avid Car Enthusiast

By Bryan Williams

**Saturday November 28:** Amanda, Scott Drab's wife and Kathleen, Scott's sister along with Scott's brother-in-law Jason, hosted a special event at Scott's garages. This reservations-requested event started at noon with members of the Rolls Royce, AACA and the Jaguar clubs in attendance. The upper building was the home of 10 outstanding automobiles including a Bentley white 2-door convertible, and a Jaguar dark blue XJ8 sedan. One of my personal favorites is an XKR white convertible that Scott drove to the Jaguar Clubs of North America's Annual General Meeting and Concours in Indianapolis, Indiana.

In the lower "garage" Kathleen greeted us and encouraged us to partake of the many stations of food and drink throughout the facility. The term garage is a gross understatement. It is more a museum than a garage with original Jaguar signs, advertisements and die cast models. Kathleen noted that the mannequins that were wearing racing uniforms even had racing boots on. Another example of Scott's attention to detail.

It was bittersweet to see Scott's collections and reminisce about Scott and how he was such a gentleman, great club member and a true friend. Many thanks to Amanda and Kathleen for giving us this opportunity.

Kathleen, Scott's sister, welcomed club members and friends

Among the many remembrances of Scott posted on his Tribute Wall in his obituary was one from Paul Cusato, concours chief judge for the Jaguar Club of Ohio, who shared the sentiments of many of us that knew him.

*"Scott always had a smile on his face, no matter what he was going through. Never seemed to look at the dark side of life, at least in the times I spent with him in Jaguar events. I will miss him very much."*
